Teaching

16A.04

a) Faculty members have an obligation to develop and maintain their scholarly competence and effectiveness as teachers within their area of expertise, to conscientiously prepare and organize their subject matter and to revise that subject matter on a regular basis as appropriate for that subject. They shall inform their students of the methods of instruction and evaluation in their courses, giving due regard to Senate regulations in these matters. Upon written request, they shall inform the Dean of course outlines, methods of instruction and evaluation procedures within a reasonable period of time after completion of the course.

b) Whenever possible, there shall be prior consultation with faculty members on the assignment of teaching duties. Once such duties have been assigned by the Dean in accordance with Article 19, it is the responsibility of faculty members to teach the assigned courses to students registered in them, at a time and place designated or approved by appropriate University authorities and in a manner which reflects the description in the Calendar, or as approved at the appropriate level. Faculty members shall be available regularly for individual consultation with their students beyond class or laboratory hours and shall inform their students, and upon written request their Dean, of such arrangements.

c) Faculty members shall comply with formally approved and published procedures and deadlines concerning the reporting

and reviewing of the grades of their students, and such other formally approved and published procedures and deadlines as may be reasonable and necessary for the well-ordered operation of the teaching programs of the University.

For the purposes of 16A.04 c) only, publication means that the procedures and deadlines have been printed in a current University Calendar, or circulated to each faculty member.

Faculty members shall accept reasonable responsibility for academic counseling, supervision of examinations and other related activities as may be necessary and reasonable and which are not in conflict with this Collective Agreement.

d) Faculty members have the responsibility to schedule and organize their instruction within relevant academic regulations, and the right and responsibility to maintain an orderly and productive academic environment.

e) Faculty members may cancel or terminate scheduled instruction only for good cause and they shall so notify the Dean. If possible, they shall give their students advance notice of such cancellation. Faculty members shall make every reasonable effort to reschedule instruction. Students and the Dean shall be informed of such rescheduled instruction.

f) Supervision of students' research and practical work and of their thesis preparation, as well as participation in the evaluation of their theses, are integral aspects of teaching responsibilities.

- d) Contract research will be viewed as research, for the purpose of this Collective Agreement, if the results of the work are readily accessible to the scholarly and general public and meet an acceptable standard of peer evaluation. If encumbrances are placed on the publication or dissemination of the results and conclusions of contract research, it will not be viewed as research for the purposes of this Collective Agreement until such time as the results and conclusions are published or disseminated.
- e) Research and scholarly or creative activity does not normally include research directly related to the immediate and normal preparation for scheduled teaching, except when it is judged by peer review to represent an academic advance or a development of clinical or instructional materials or methods of an innovative sort, with application wider than a faculty member's own courses.

Academic Service

- 16A.06 Consistent with their primary teaching and scholarly responsibilities, faculty members have the right and responsibility to participate actively in the work of the University through active membership on appropriate bodies such as Academic Department or Faculty Councils, Academic Department, Faculty and University Committees, and Senate.

 - b) Faculty members have the right, and shall be encouraged and expected, to devote a reasonable portion of their time to meaningful research, scholarship or creative activities.
 - c) Where appropriate in their published work(s), faculty members shall indicate their affiliation with the University of New Brunswick and their reliance on the work and assistance of others, if any. It is the responsibility of faculty members to make the results of their research available for review and assessment in a form in which it can be evaluated. Therefore, the results and conclusions of research, scholarly or creative activity shall normally be made accessible to the scholarly and general public through publication, public lectures or other appropriate means. When contract research is to be performed using University facilities, the prior written authorization of the University of New Brunswick for such use is required. Faculty members may agree to delay for a specified period of time the dissemination of the results of contract research which uses University facilities, only if such delay is authorized by the University of New Brunswick in writing. Any such authorization may not involve indefinite delay of the dissemination of results.

- d) Contract research will be viewed as research, for the purpose of this Collective Agreement, if the results of the work are readily accessible to the scholarly and general public and meet an acceptable standard of peer evaluation. If encumbrances are placed on the publication or dissemination of the results and conclusions of contract research, it will not be viewed as research for the purposes of this Collective Agreement until such time as the results and conclusions are published or disseminated.
- e) Research and scholarly or creative activity does not normally include research directly related to the immediate and normal preparation for scheduled teaching, except when it is judged by peer review to represent an academic advance or a development of clinical or instructional materials or methods of an innovative sort, with application wider than a faculty member's own courses.

Academic Service

- 16A.06 Consistent with their primary teaching and scholarly responsibilities, faculty members have the right and responsibility to participate actively in the work of the University through active membership on appropriate bodies such as Academic Department or Faculty Councils, Academic Department, Faculty and University Committees, and Senate.

Article 16B - RESPONSIBILITIES OF INSTRUCTORS AND SENIOR INSTRUCTORS

- 16B.01 Instructors and Senior Instructors have certain rights, duties and responsibilities which derive from their positions as teachers.

Teaching

- 16B.04 a) Instructors and Senior Instructors have an obligation to develop and maintain their scholarly competence and effectiveness as teachers within their area of expertise, to conscientiously prepare and organize their subject matter and to revise that subject matter on a regular basis as appropriate for that subject. They shall inform their students of the methods of instruction and evaluation in their courses, giving due regard to Senate regulations in these matters. Upon written request, they shall inform the Dean of course outlines, methods of instruction and evaluation procedures within a reasonable period of time after completion of the course.
- b) Whenever possible, there shall be prior consultation with Instructors and Senior Instructors on the assignment of teaching duties. Once such duties have been assigned by the Dean in accordance with Article 19B, it is the responsibility of Instructors and Senior Instructors to teach the assigned courses to students registered in them, at a time and place designated or approved by appropriate University authorities and in a manner which reflects the description in the Calendar, or as approved at the appropriate level. An employee who is a NSERC University Research Fellow shall be considered to be a Research Associate or Senior Research Associate, as appropriate, for the purposes of this Collective Agreement.
- 17.03 Unless explicitly stated in this Collective Agreement to be otherwise, the ranks of Research Associate and Senior Research Associate shall correspond in terms of qualifications, salary and terms and conditions of employment to the ranks of Assistant Professor and Associate Professor, respectively.
- 17.04 Subject to the agreement of the Research Associate concerned, and of any faculty member whose research grant provides part or all of the Research Associate's salary, a Research Associate may be assigned teaching duties from time to time. Such duties shall involve not more than the teaching of one full course, or its equivalent, per year.
- 17.05 Except when explicitly stated in this Article to be otherwise, the procedures to be used for appointments of Research Associates shall be the same as those stated in Article 22A. - 17.06 Appointments of Research Associates shall be of three types: probationary, continuing and term. Notwithstanding the provisions of Article 22A.06, the University of New Brunswick shall normally make a term appointment but may, at its option, make a probationary or continuing appointment where circumstances make such an appointment desirable. Where less than 25 percent of the salary to be paid to a Research Associate is provided from University of New Brunswick funds and the remainder is paid from research grants, research contracts or donations, or is provided to the University via a research grant to a faculty member, the letter of appointment shall state that, should such external funding cease or be substantially reduced, the appointment may be terminated. Such termination shall not constitute layoff.

- 17.07 Except as stated in this Article to be otherwise, the assessment of Research Associates for promotion, probationary review, continuing status, or other purposes shall involve the same procedures as those used for faculty members. The evaluation shall be based on the principal responsibilities, workload and duties of the Research Associate concerned, as set out in the letter of appointment.

Teachers must reserve at least two hours per day for preparation and must be available for regular staff meetings. These meetings are held outside of normal scheduled teaching hours. In addition, Second Language Teachers may be required to perform such other reasonable related duties as are set out in Article 16C.02. To meet the special pedagogical and scheduling requirements of the various second language programs, the Dean may assign a different pattern of responsibilities within the workload. Unless otherwise consented to by the Second Language Teacher in writing, fluctuations in the individual scheduled workload shall, over a reasonable period of time, result in an average scheduled workload for a Second Language Teacher which is similar to the normal scheduled workload for Second Language Teachers. Whenever possible, there shall be prior consultation with Second Language Teachers on the assignment of duties.

The University Librarian shall determine, following consultation with the Department Head concerned and with due regard for the provisions of Article 19D.06, the individual work schedule for each Librarian. Such individual work schedule shall be appropriate and reasonable for the work of the Library Department concerned. Whenever possible, the Librarian concerned shall be consulted with respect to the individual work schedule to be assigned.
- 19D.04 Unless otherwise consented to in writing by the Librarian, fluctuations in the individual work schedule shall, over a reasonable period of time, result in an average scheduled load for the Librarian which is similar to the normal average workload, as stated in Article 19D.03.

- 20.03 Such application shall be granted provided that:
- a) the proposed temporary reduction does not exceed one-half ($\frac{1}{2}$) of the Employee's normal workload, and does not extend for longer than two (2) academic years;
 - b) the application is made at least six (6) months in advance of the requested commencement date of the temporary workload reduction. Applications received with less notice may be considered in exceptional circumstances.

 - d) the Employee is a tenured faculty member, or a continuing Employee with at least five years of service;
 - e) the Employee agrees to resume his/her normal workload for at least one year upon completion of the temporarily reduced workload period.

20.04 The salary of an Employee shall be reduced by the same reduction factor as is the Employee's workload. Credit towards promotion and sabbatical leave, if applicable, shall be pro-rated on the same basis. The Employee shall maintain full fringe benefits based on the nominal salary for that position in the following manner:

- a) the Health Insurance, Group Life and Family Protection, and Long-Term Disability Insurance policies shall continue at normal premium sharing, with the employee's portion paid by the normal payroll deduction;
- b) the employee shall have the option of either:
 - i) maintaining regular monthly pension contributions by payroll deduction during the period of temporarily reduced workload, or
 - ii) allowing monthly contributions to lapse during the period of temporarily reduced workload, and then purchasing pension entitlement for that period by increased payroll deductions upon return to full-time full salary employment.

20.05 The following provisions shall apply:

- a) An employee with a temporarily reduced workload shall continue as a member of the bargaining unit.
- b) An employee with a temporarily reduced workload shall receive such additions to his/her nominal salary as shall be implemented as a result of collective bargaining from time to time during the period of temporarily reduced workload.

- c) The distribution of the temporarily reduced workload among the normal components of full workload, as set out in Article 16, shall be a matter of agreement between the Dean and the Employee.
- d) Three months prior to the commencement of the temporarily reduced workload period, the President shall inform the Employee in writing of all agreed terms and conditions on which the granting of a temporarily reduced workload is based, including a reference to the specific section(s) of this Collective Agreement which govern(s) temporarily reduced workload, and specifying a reasonable deadline for acceptance or rejection of these terms and conditions.
- e) The Employee shall not be deemed to have accepted the terms of such temporarily reduced workload until he/she has so notified the President in writing. Failure to respond within the deadline specified in Article 20.05(d) above shall be deemed to constitute non-acceptance.

Continuing Workload Reduction for Full-Time Employees

- 20.06 A continuing reduced-load appointment is defined as one in which an Employee, at his/her request and with the approval of the University of New Brunswick, carries, for an indefinite period of time, a workload reduced by a mutually agreed factor. In the remainder of this Article, each and every reference to a "reduced-load appointment" shall be understood to mean "a reduced load appointment for an indefinite period of time".
- 20.07 A tenured, continuing, or probationary Employee holding a full-time position, may, on a wholly voluntary basis, apply to his/her Dean for a reduced-load appointment.

- 20.08 An application for a reduced-load appointment shall be in writing, with a copy to the Association.
- 20.09 The salary of a reduced-load appointee shall be determined as follows:

 - c) Each such appointee shall receive an actual salary pro-rated from the nominal salary according to the reduction in the workload.
- 20.10 Employees on a reduced-load status under this Article shall continue their participation in the University of New Brunswick's benefits plans, on the normal basis, including premium-sharing, where applicable, as set out in Article 35, and to the extent possible under the contractual requirements of those plans. The Parties agree that the current interpretation of the Long Term Disability and pension plans does not permit the participation in these plans of Employees who have undertaken a reduced-load appointment with a workload of less than 30 hours per week.
- 20.11 For the purposes of any assessments of performance, such as promotion, an Employee on a reduced-load appointment shall be assessed solely on the basis of his/her actual workload (in the

same manner as if he/she were on a full-load appointment). The typical periods specified in Articles 23 and 24 shall be increased in inverse proportion to the workload reduction factor.

- 20.12 For the purposes of sabbatical leave, a faculty member with a reduced-load appointment shall have the right to a sabbatical salary calculated in accordance with the provisions of Article 31A, and on the basis of the actual reduced salary, with the years of service calculated as if the faculty member was on a full-load appointment.
- 20.13 An Employee who accepts a reduced-load appointment shall have the same access to all University of New Brunswick research facilities as if he/she were on a full-load appointment; and where the Employee has accepted a reduced workload in order to devote additional time to research, the University of New Brunswick shall not unreasonably deny increased access to these research facilities, taking into account the requirements of all other Employees with research responsibilities.
- 20.14 a) Any Employee granted a reduced-load appointment shall have the right to resume full-load status on the following conditions:
- i) full-load status is resumed within 60 months following the commencement of the reduced-load appointment; and

- 27.05 Employees who are transferred at the request of the University of New Brunswick shall receive, as a minimum, the same rank or classification, credit for previous experience, salary and benefits as before the transfer.
- 27.06 In the case of a transfer to another campus, the University of New Brunswick shall be responsible for moving expenses in accordance with the provisions of Article 37. In addition, if the transfer is at the request of the University of New Brunswick, it shall also be responsible for the real estate and the legal fees relative to the sale of the Employee's principal residence, or for the amount of the penalty paid for the early termination of a lease, as appropriate.
- 27.07 Notwithstanding the provisions of this Article, the University of New Brunswick may, in the event of an emergency arising from the sudden and unpredictable inability of an Employee to perform his/her assigned workload, assign Employees immediately to other University Faculties, Academic Departments, or Libraries, or to

another campus, on a temporary basis. Such an emergency assignment to another campus shall take place only after the University of New Brunswick has made every reasonable effort to meet the emergency in other ways. The temporary assignment shall not exceed the shorter of the duration of the emergency or the period of time up to the end of the academic term following the term in which the emergency arose, except with the consent of the Employee. An Employee assigned to another campus on an emergency basis shall receive reimbursement for all reasonable expenses incurred as a result of the assignment. For faculty members so transferred to another campus, the Dean shall consider any negative effects of such transfer on the faculty member's research in assigning the workload for the subsequent academic year.

Article 28 - CHANGES IN THE BARGAINING UNIT FOR ACADEMIC REASONS

- 28.01 The University of New Brunswick recognizes the importance of sound academic planning in establishing or changing appropriate academic priorities. The University of New Brunswick further acknowledges the powers vested in Senate by the University of New Brunswick Act in these matters. Consequently, the University of New Brunswick will continue to refer all issues related to academic planning and the setting of academic priorities to the Senate for study and recommendation.
- 28.02 The University of New Brunswick shall determine, for each Faculty, Academic Department, Library Department and Library, an authorized complement of Employees. The authorized complement, which may differ from the actual number of Employees, shall be reviewed and adjusted regularly by the

University of New Brunswick, taking into account any recommendations which Senate may make, in an effort to ensure that this authorized complement reflects the long-term academic priorities of the University.

- 28.03 Changes in the number of Employees in any Faculty, Academic Department, Library Department or Library, shall normally take place at any time through recruitment, retirement, death, resignation, voluntary redeployment or retraining, voluntary transfers or voluntary assumption of a reduced workload, in order to adjust the actual number of Employees towards the authorized complement.
- 28.04 The Parties recognize that in exceptional circumstances, changes in long-term academic priorities of the University may require adjustments to the authorized complement of a Faculty, Academic Department, Library Department or Library, resulting in changes in the actual number of employees at a rate greater than that which can reasonably be attained through the provisions of Article 28.03. Such changes under this Article may only result from academic considerations which include either: a significant decrease in student enrolment in a Faculty, Academic Department, or Library; or the discontinuance of such units, for sound academic reasons and upon recommendation of Senate. Such decrease shall not involve simply a temporary variation in enrolment. Where these exceptional circumstances exist, the University of New Brunswick may make such appropriate changes to the authorized complement and to the actual number of Employees in Faculties, Academic Departments, Library Departments or Libraries, as may be essential, provided the provisions of this Article are met. Under these exceptional circumstances the methods for reducing the actual number of Employees may include layoff, only after any adjustments resulting from the application

of Article 28.03 have been made. The Board of Governors, believing that layoff of Employees is required, shall formulate a plan for such action and shall:

- a) inform Senate and the Association, in writing, of its belief that such action may require layoff of Employees, enclosing a copy of the plan, the academic reasons on which it is based and its reasons for believing that layoff may be required;
- b) impose a halt to the hiring of new Employees in the Faculties, Academic Departments, Library Departments or Libraries involved;
- c) establish an Academic Commission.

28.05 The Academic Commission shall consist of one member of Senate, appointed by Senate; two members of the Board of Governors, appointed by the Board of Governors; two Employees appointed by the Association; the Vice-President (Academic) and the Vice-President (Saint John). The Vice-President (Academic) shall chair the Commission. All reasonable expenses of the Academic Commission shall be borne by the University of New Brunswick.

28.06 The Academic Commission shall establish its own procedures.

28.07 The initial tasks of the Academic Commission shall be to:

- a) Examine the plan prepared by the University of New Brunswick, including the extent of the problems giving rise to the action of the Board of Governors taken under Article 28.04, and present a preliminary report to the Board of Governors, with copies to the Senate and the Association, making recommendations for any immediate action that can be taken without involving layoff of Employees.

- b) Request Senate to study the potential impact of the plan on the academic programs of the University, including whether enrolment projections are consistent with any proposed reduction in academic staff and to prepare a report within 40 days for the Academic Commission.

- 28.08 Following receipt of the Senate report, the Academic Commission shall, within 70 days, prepare a final report, analyzing the extent and nature of the academic problems giving rise to the plan, the extent and nature of the potential impact of the plan on the academic programs of the University, and making such detailed recommendations as seem appropriate to the Academic Commission, including recommendations on the number and distribution of any layoffs which may be essential. The Academic Commission shall include in its report the reasons for its recommendations and any supporting documents which are appropriate. The report shall be submitted to the Board of Governors with a copy at the same time to the Senate and the Association.
- 28.09 The University of New Brunswick agrees to full disclosure of available information which is pertinent to the academic problem and deemed relevant by the Academic Commission. The Commission may consult with any person or group of persons from inside or outside the University, and shall consult with any Faculty, Academic Department, Library Department or Library concerned.
- 28.10 Upon receipt of the report of the Academic Commission, the Board of Governors shall allow 20 days for comment on the report by Senate and by the Association. Within a further 20 days, the Board of Governors shall prepare a detailed plan of the actions which it proposes to take including the names of those Employees who shall be laid off and the reasons for the

layoff of those employees after due consideration of the report prepared by the Academic Commission and any comments made thereon by Senate and the Association. The Board of Governors' plan shall be sent to the Senate and to the Association for comments. These comments shall be received by the Board of Governors within 20 days. Within 20 days following receipt of these comments and with due consideration for such comments, the Board of Governors shall make its final decision.

- 28.11 In the event the Academic Commission, the Senate or the Association fails to submit its report or comments, as appropriate, within the time limits set out in this Article, the Board of Governors may proceed without such reports or comments. Any time limits under this Article may only be extended by agreement, in writing, of the Parties. Such agreement shall not be unreasonably denied.
- 28.12 In the event the Board of Governors decides to lay off Employees under this Article, such action shall be taken in accordance with the terms of this Collective Agreement.
- 28.13 Any recommendations or decisions made under this Article shall take into account that layoff is an exceptional action which shall not be taken until:
- a) all reasonable alternative solutions to the academic problems which have been proposed in the report of the Academic Commission and in any comments made thereon by Senate have been considered and implemented as far as reasonably practicable; and
 - b) all reasonable alternative means of making the necessary reductions in the bargaining unit (as described in

Article 28.03) have been considered and implemented as far as reasonably practicable.

Any layoffs under this Article shall occur only to the extent necessary to alleviate the academic problem and shall be based on sound academic grounds.

Article 29 - CHANGES IN THE BARGAINING UNIT FOR
REASONS OF FINANCIAL EMERGENCY

- 29.01 The term financial emergency denotes a condition in which the continued existence of the University of New Brunswick is placed in serious jeopardy because a substantial deficit has occurred or is inevitable and projections show substantial and continuing financial deficits, using generally accepted accounting principles applied on a basis consistent with that of the preceding year.
- 29.02 The Board of Governors, believing that a financial emergency exists or is imminent, shall formulate a plan to deal with this emergency and shall:
- a) inform Senate and the Association, in writing, of this belief, enclosing a copy of the plan and the financial reasons upon which it is based;
 - b) impose a halt to the hiring of new Employees, except those who are required to perform those functions essential to the ongoing operation of the University;
 - c) establish a Financial Emergency Commission.
- 29.03 The Financial Emergency Commission shall consist of two persons appointed by the Board of Governors, two persons appointed by

the Association, and a chairperson chosen by lot from among the following persons:

- Claude Bissell
- Davidson Dunton
- James Gillies
- R. Gordon Robertson
- Such other persons as may be mutually agreed upon, in writing, by the Parties.

All reasonable expenses of the Financial Emergency Commission shall be borne by the University of New Brunswick.

29.04 The Financial Emergency Commission shall establish its own procedures.

29.05 The initial task of the Financial Emergency Commission shall be to:

- a) Examine the plan prepared by the University of New Brunswick, including the extent of the financial problems giving rise to the action of the Board of Governors taken under this Article, and present a preliminary report to the Board of Governors, with copies to the Senate and the Association, making recommendations for any immediate action that can be taken, without involving layoff of Employees.
- b) Request Senate to study the potential impact of the plan on the academic programs of the University, including whether enrolment projections are consistent with any proposed reductions in the number of Employees, and prepare a report within 40 days for the Financial Emergency Commission.

- 29.06 Following receipt of the Senate report, the Financial Emergency Commission shall, within 70 days, prepare a final report, analyzing the extent and the nature of the financial problems giving rise to the plan, the extent and the nature of the potential impact of the plan on the academic programs of the University, and making such detailed recommendations as may seem appropriate to the Financial Emergency Commission, including recommendations on the number and distribution of any layoffs which may be essential. The report shall identify the source or sources of the financial difficulty, and recommend any methods the Commission deems necessary and sufficient to alleviate these difficulties, taking into consideration possible alternatives to the layoff of Employees. The Financial Emergency Commission shall include in its report the reasons for its recommendations and any supporting documents which are appropriate. The report shall be submitted to the Board of Governors with a copy at the same time to the Senate and the Association.
- 29.07 The University of New Brunswick agrees to full disclosure of available information which is related to the financial emergency problem and deemed relevant by the Financial Emergency Commission. The Commission may consult with any person or group of persons from inside or outside the University, and shall consult with any Faculty, Academic Department, Library Department or Library concerned.
- 29.08 Upon receipt of the report of the Financial Emergency Commission, the Board of Governors shall allow 20 days for comment on the report by Senate and by the Association. Within a further 20 days, if a financial emergency exists, the Board of Governors shall so declare and shall prepare a detailed plan of the action which it proposes to take, including the names of those Employees who shall be laid off and the reasons for the layoff of those

Employees after due consideration of the report prepared by the Financial Emergency Commission and any comments made thereon by Senate and the Association. The Board of Governors' plan shall be sent to the Senate and to the Association for comments. These comments shall be received by the Board of Governors within 20 days. Within 20 days following receipt of these comments and with due consideration for such comments, the Board of Governors shall make its final decision.

- 29.09 In the event the Financial Emergency Commission, the Senate or the Association fails to submit its report or comments, as appropriate, within the time limits set out in this Article, the Board of Governors may proceed without such reports or comments. Any time limits under this Article may be extended by agreement, in writing, of the Parties. Such agreement shall not be unreasonably denied.
- 29.10 In the event the Board of Governors decides to lay off Employees under this Article, such action shall be taken in accordance with the terms of this Collective Agreement.
- 29.11 Layoff is an exceptional action which shall be taken only after the University of New Brunswick has exhausted all reasonable means to alleviate the financial emergency by applying rigorous economies in all areas of the University's present and projected expenditures, by using all reasonable means of improving the University's income, and by using all other means of making the necessary reductions in the bargaining unit, in a manner which best maintains the academic viability of the University. Any layoffs under this Article shall occur only to the extent necessary to alleviate the financial emergency and shall be based on sound academic grounds.

Article 30 - LAYOFF

- 30.01 Layoff of Employees is an exceptional action which may occur only in accordance with Articles 28 or 29.
- 30.02 The President of the University shall notify, in writing, Employees who are to be laid off, with a copy to the Association, as much in advance of the layoff date as possible, which notice shall be:
- a) for probationary or tenured faculty members, or for Senior Instructors, or for Librarians 3 or 4 who hold continuing appointments, a minimum of six months' notice with layoff effective on July 01 or January 01;
 - b) for all other Employees, a minimum of three months.
- 30.03 The President's notice under Article 30.02 shall state whether the layoff is based on the provisions of Article 28 or Article 29. Upon the Employee's written request, the President shall provide, within a reasonable period of time, a written statement of the specific reasons for choosing that Employee for layoff.
- 30.04 By informing an Employee and the Association, in writing 20 days in advance, the University of New Brunswick may lay off an Employee with pay in lieu of notice or with a combination of notice and pay in lieu of notice totalling the appropriate notice period in Article 30.02.
- 30.05 Those Employees covered under Article 30.02(a) who are laid off, shall receive all of:

a) notice as specified in Article 30.02(a) or pay in lieu of notice, as specified in Article 30.04; and

b) a sum equal to 12 months' salary.

30.06 Those Employees covered under Article 30.02(b) who are laid off, shall receive all of:

30.07 The financial settlements under Articles 30.05(b) and 30.06(b) shall, in cases of layoff under Article 28, be supplemented by a sum equal to six months' salary, payable upon expiration of the time period determined for the purposes of Articles 30.05(b) and 30.06(b), but only in the event the Employee has not yet obtained equivalent employment.

30.08 The Employee may elect to receive the amount specified in Articles 30.05 or 30.06, as applicable, as a lump sum payment on the effective date of the layoff or in another reasonable manner mutually agreed, in writing, by the Employee and the University of New Brunswick. In no case shall the sum paid under Articles 30.05 or 30.06 exceed the salary remaining until the normal retirement age of the Employee or until the terminal date of a term contract.

30.09 An individual with recall status shall have the right of first refusal of each and every available position in his/her field. Should two or more individuals with recall status be eligible for recall in the same field, the choice shall be made on sound

academic grounds, using the assessment procedures of Article 25 as for appointments. If two or more individuals with recall status have equivalent qualifications, the order of recall shall be the reverse of the order of layoff. An external candidate shall not be offered a position in the bargaining unit unless all individuals with recall status who are qualified for the position have been offered the position in accordance with this Article.

- 30.10 Each individual with recall status shall be given special consideration for employment when any full-time position suitable to his/her qualifications becomes available in the University of New Brunswick, and for which no other individual with recall status exercises the right of first refusal. Such special consideration shall be neither greater nor less than that accorded to other individuals with recall status in the University of New Brunswick.

- 30.12 Disputes arising out of these recall procedures are referable to the grievance and arbitration process set out in this Collective Agreement.
- 30.13 Individuals with recall status who are offered, and who accept, a position other than the one for which they have the right of first refusal under Article 30.09, retain this right of first refusal subject to the terms of this Article.
- 30.14 Individuals with recall status shall inform the University of New Brunswick, in writing, within 20 days whether they accept or reject a recall offer in accordance with Article 30.09. Individuals shall have a reasonable period, not exceeding six calendar months, to terminate other employment and take up the position. Reasonable requests for extensions of this time limit shall not be unreasonably denied.
- 30.15 Subject to Article 30.16, the employment status of Employees who have been recalled to bargaining unit positions in their field, shall be as at the time of layoff with respect to those matters covered in this Collective Agreement, including, but not limited to: rank or classification; probation, tenure or continuing employment status; and credit for service towards tenure, promotion, continuing employment status and sabbatical leave eligibility.

Subject to Article 30.16, the salary of Employees who have been recalled to bargaining unit positions in their field shall consist of the total of their salary at the time of layoff and all standard economic adjustments to which they would have been

entitled if layoff had not occurred.

- 30.16 Credit, if any, for experience gained during the recall period may be granted by the University of New Brunswick upon recommendations resulting from the assessment procedures set out in Article 25.

- 30.18 Individuals with recall status shall continue to be eligible for tuition benefits under Article 35, for the duration of the recall period or until they obtain full-time employment elsewhere, whichever is shorter. Such employment shall be reported, not later than 15 days after its commencement, to the University of New Brunswick.
- 30.19 Employees who have been laid off and who have been recalled, shall repay any portion of the allowance specified in Articles 30.05 or 30.06, as appropriate, which exceeds what their salary would have been had they continued to occupy their former position.
- 30.20 It shall be the responsibility of each individual with recall status to keep the University of New Brunswick and the Association informed of his/her current address for the duration of the recall period.
- 30.21 The Parties agree that payments made under the terms of this Article are settlement payments as compensation for loss of office.

Article 31A - SABBATICAL LEAVES

31A.01 In recognition of the fact that faculty members are required to continue to develop as scholars, researchers and professionals throughout their careers, a system of sabbatical leaves shall be maintained. Faculty members shall be eligible for sabbatical leave in accordance with the provisions of this Article. Such leaves are intended to be used by faculty members for academic and professional renewal and enhancement through study, research, scholarship, writing or other creative activities, leading to increase of their knowledge, furtherance of their research and scholarship, and other enhancement of their ability to contribute to the University on their return.

31A.02 Tenured faculty members shall be eligible, upon application to the University of New Brunswick, for consideration for sabbatical leave as follows:

- a) satisfactory arrangements being made to carry on the work of the Academic Department (or Faculty where no Academic Department exists) concerned;

b) . the nature of the faculty member's proposal for the utilization of the sabbatical leave and the extent to which the proposal conforms to the purposes of sabbatical leave as set out in Article 31A.01, and the probability of successful implementation.

- 31A.04 Faculty members on sabbatical leave are expected to make effective use of such leave. The faculty member is expected to return to his/her normal duties on completion of the leave; on application made to the President, this requirement may be waived in the case of hardship or when substantial professional advancement would be denied.
- 31A.05 Normally, sabbatical leave shall be taken without interruption starting on 01 July or 01 January, or as otherwise approved by the University of New Brunswick.
- 31A.06 Applications for sabbatical leave shall be directed to the Dean no later than nine months before the date of commencement of the desired leave. Applications received with less notice may be considered in exceptional circumstances.
- 31A.07 Applications for sabbatical leave shall be supported by a description of the work planned by the faculty member for his/her leave, including the activities to be undertaken, the location or locations where the activities will be carried out, any fellowship or travel grants applied for or received and such other reasonable information as the University of New Brunswick may require. (Such other reasonable information may include, where applicable, written confirmation that any facilities essential for the successful completion of the planned work will be made available to the faculty member by the institutions or organizations in which the work is to be undertaken.)

- 31A.12 In the event of personal hardship, or for sound academic reasons, a faculty member may request (in writing to the Dean) deferment of an approved sabbatical leave. In such cases, it shall be the faculty member's responsibility to re-apply for sabbatical leave in a subsequent academic year.
- 31A.13 The University of New Brunswick may defer a requested sabbatical leave for up to one year in the event the faculty member's

services are required by the University of New Brunswick during the period of time planned for the leave. Such deferment shall be counted as service towards an application for a subsequent leave, which if approved, shall not be deferred. The University of New Brunswick shall inform faculty members of such deferral not less than three months prior to the approved commencement date of the leave. With the agreement of the faculty member, the University of New Brunswick may defer an approved sabbatical leave with notice of less than three months prior to the approved commencement date. The University of New Brunswick shall compensate faculty members for all bona fide expenses incurred by the faculty members in connection with the leave deferred at the request of the University of New Brunswick.

In such cases, the period of advancement will be added to the required years of service for the faculty member's eligibility for his/her subsequent sabbatical leave.
- 31A.15 All faculty members on sabbatical leave shall receive full benefits according to the provisions of Article 35.
- 31A.16 Faculty members on sabbatical leave shall receive all increases in their nominal salary and benefits on the same basis as other faculty members who are not on sabbatical leave.
- 31A.17 Faculty members are encouraged to apply for external fellowships for their sabbatical leave. If such external fellowships are awarded, a reduction in the University of New Brunswick support shall not be made. Any other employment income received by the

faculty member may be added to the sabbatical salary (including sabbatical research or travel grants) received from the University of New Brunswick, provided the total does not exceed the sum of the nominal salary and additional bona fide expenses arising from the sabbatical leave. If the total employment income exceeds this sum, it shall be reported by the faculty member to the appropriate Vice-President and the sabbatical salary paid by the University of New Brunswick shall be reduced accordingly.

- 31A.18 A faculty member returning from sabbatical leave shall submit to the Dean, within three months of his/her return, a written report on the results of his/her research and scholarly work and action taken to improve academically and professionally during the sabbatical leave period. The Vice-President (Academic) or his/her designate shall reply within sixty (60) days stating whether or not the University of New Brunswick wishes to exercise its option to secure a copy of the work and whether or not it wishes the license to exploit the work as defined in Article 39.05(e). If the Vice-President (Academic) or his/her designate replies that the University of New Brunswick does not wish to exercise these rights or if the Vice-President (Academic) or his/her designate fails to answer within sixty (60) days, it shall be understood that the University has abandoned any right to secure a copy or obtain a license. If the copyright owner fails to notify the University of New Brunswick as required then the University maintains its right under this Article 39 of this Collective Agreement until such a letter is written by the Employee to the Vice-President (Academic) or his/her designate and has been disposed of in the manner indicated above.

License for external use, fees and royalties

- e) Where an Employee has a copyright in a recorded work produced with the assistance of direct University of New Brunswick funding or with the use of University production facilities free of charge or substantially less than local commercial rates, the Employee(s):

- (i) shall grant to the University of New Brunswick a license to use the recorded work, including the right to grant others the right to use the work according to the fee schedule in Article 39.05 (e) (ii) below.
- (ii) shall either directly or through the agency of the Association establish with the University of New Brunswick a fee or royalty to be charged to third parties wishing to use the work; in default of such agreement within a time period of thirty (30) days from the date of the request by the Employee, such fee or royalty shall be set by one arbitrator who shall be named by the Association and by the University of New Brunswick in accordance with Article 41.
- (iii) if the license granted to the University of New Brunswick is not exclusive, shall not grant any other licenses at fees or royalties less than those determined in Article 39.05 (e) (ii) above.
- (iv) may waive any fee, royalty or other payment provided that such waiver shall be in writing and shall be limited to the occasion and the user or users specified in the said writing and a copy provided to the Association.
- (v) on completion of a recorded work for which the University of New Brunswick has provided direct funding or the use of the production facilities of the University free of charge or at a rate substantially below local commercial rates, the

copyright owner(s) shall write the Vice-President (Academic) or his/her designate to inform him/her of the completion of the work. The Vice-President (Academic) or his/her designate shall reply within sixty (60) days stating whether or not the University of New Brunswick wishes to exercise its option to secure a copy of the work and whether or not it wishes the license to exploit the work as defined in Article 39.05 (e). If the Vice-President (Academic) or his/her designate replies that the University does not wish to exercise these rights or if the Vice-President (Academic) or his/her designate fails to answer within sixty (60) days, it shall be understood that the University has abandoned any right to secure a copy or obtain a license. If the copyright owner fails to notify the University of New Brunswick as required then the University maintains its rights under this Article 39 of this Collective Agreement until such a letter is written by the Employee to the Vice-President (Academic) or his/her designate and has been disposed of in the manner indicated above.

- (vi) the University of New Brunswick shall not loan or transfer a copy of the recorded work nor allow any agent to loan or to transfer such a copy to any third party outside the University of New Brunswick academic community without written permission from the Employee(s) who hold the copyright(s). A copy of such permission shall be sent by the University of New Brunswick to the Association within thirty (30) days of receipt by the University.

(vii) any fees or royalties or other income received as a consequence of the exploitation of the recorded work by the University of New Brunswick pursuant to this Article 39 of this Collective Agreement shall be distributed fifty percent (50%) thereof to the Employee and fifty percent (50%) thereof to the University of New Brunswick.

f) Sale or assignment by Employees. Where an Employee has produced a work for use in the University of New Brunswick's educational programme and wishes to sell, assign or otherwise dispose of his/her copyright(s) or an interest therein to any third party, he/she shall in any such disposition as a condition to his/her right to sell, assign or otherwise dispose:

- (i) protect the right of the University of New Brunswick to use the work in the University's education programme as specified in Article 39.05 (d) above and
- (ii) protect the rights of the University of New Brunswick in regard to exploitation of the copyright as in Article 39.05 (e) above, provided that on application by the Employee to the Vice-President (Academic) or his/her designate, the University may dispense with the requirements in f (i) or f (ii) or both hereof for such reasons as to the University seems fair in the circumstances. In the event that decision on the application of the Employee is not made within one (1) month of the receipt of such application, the Employee is deemed to have received the dispensation requested.

- g) Storage and erasure. The University of New Brunswick shall retain possession of every recorded work transferred to it as required in Article 39.05 (d) above and shall exercise reasonable care to ensure that any such recorded work is not damaged and is not erased, copied, amended or edited without the authorization of the copyright holder(s).
- h) Notes or texts. Where the Employee either alone or in collaboration with others prepares notes or other matter to accompany the recording, the Employee hereby grants to the University of New Brunswick a license to reproduce copies of the said notes or other matter and claims no fees or royalties in return unless the University sells or hires such copies in which event the Employee shall if he/she is the sole author thereof receive twenty-five percent (25%) which shall be shared between him/her and the co-author(s) on an equal basis.
- i) Amendments, editorial changes and withdrawal. An Employee, believing his work to be unsatisfactory for a proposed use due to dating or other good reasons, may require the work to be amended on the same terms as the original production or may require its use to be withheld provided that the Employee may not require such amendments or withholding within one (1) year of the delivery of the recorded work to the University of New Brunswick as required in Article 39.05 (d). Any dispute as to the bona fides of the Employee's position may be settled by arbitration pursuant to Article 41.

Severability

- 39.06 (i) Where more than one copyright holder has an interest in a recorded work, each copyright holder may exercise his/her rights with respect to his/her contribution, provided that it is severable.

- (ii) A contribution is severable for this purpose if it could be erased without destroying the value of other contributions to the same recording or series, or it could be replaced in the recording or series by another contribution by someone else.
- (iii) Where a recording or series of recordings involves non-severable contributions by more than one copyright holder, any reference in this part to permission by the copyright holder shall be deemed to mean the unanimous permission of all such copyright holders.

Estates

- 39.07 When an Employee or former Employee dies, his estate shall retain all his/her rights and responsibilities under this copyright article of this Collective Agreement.

Sub-contracting by the University of New Brunswick

- 39.08 The University of New Brunswick agrees that it shall not enter any agreement to sub-contract the service of any Employee to any third party whatsoever for the purposes of the writing or editing of scripts for film or videotape or for the production of film or videotape or any consultation pertaining thereto without securing to the Employees all the rights, privileges and benefits accorded to them in this Article.
- 39.09 The estate of a copyright holder shall, in the event that the copyright holder received public funds or funds from the University of New Brunswick for a specific research project which did not result in publication prior to death, allow unrestricted access to and quotation from the papers, documents, or research materials collected for the research project by the copyright holder to

other members of the bargaining unit or to academic administrators of the University of New Brunswick, provided that such access shall not abrogate any existing publication contracts (viz. where a completed or virtually completed manuscript is in existence with a firm publication contract) and shall not abrogate legal responsibility to pay copyright fees where required by law.

- 39.10 No Employee shall claim copyright in any University of New Brunswick administrative documents or administrative letters that may be produced by him/her or may be in his/her possession.
- 39.11 Employees who deposit their own or other manuscripts or documents in the archives of the University of New Brunswick shall be bound by the rules and regulations of the archives in force from time to time in regard to the use and disposition of such manuscripts or documents.
- 39.12 Employees agree to waive any claim for monetary compensation arising out of copyright claims in relation to teaching or lab manuals produced internally within the University of New Brunswick as part of their workload, provided that such manuals are sold only within the University of New Brunswick at a price set to recover direct costs (i.e. paper, bindings, salaries of support staff, and duplicating costs, distribution costs, but not honoraria or other similar payments) or less. If the University of New Brunswick sells at a price higher than direct costs or sells to the general public, then the University of New Brunswick shall pay to the Employee(s) who holds the copyright in the teaching manuals a ten percent (10%) royalty on all such sales. The University of New Brunswick shall not authorize another university or subsection thereof or any other body or person to use such manuals without a prior written agreement with the author(s) which, inter alia, stipulates the royalties

to be paid to the author(s) and shall provide the Association with a copy of any such agreements within two (2) weeks of signing.

- 39.13 The Employee agrees to indemnify and save harmless the University of New Brunswick from any claim, action or cause of action for any reason whatsoever brought, threatened or made by any person relating to the materials in which the Employee has or claims copyright. Should a claim be advanced where there is copyright or license claimed jointly by the University of New Brunswick and the Employee, the liability to defend shall likewise be joint.

Article 41 - GRIEVANCE AND ARBITRATION

41.01 A grievance is any difference arising between the University of New Brunswick and the Association or between the University of New Brunswick and any Employee(s) in the bargaining unit relating to the interpretation, application or administration of this Collective Agreement, including any question as to whether a matter is arbitrable, or any allegation that this Collective Agreement has been violated.

41.02 The Parties agree to make every reasonable effort to settle all grievances in a prompt, amicable, just and equitable manner. Whenever possible, informal methods such as, but not limited to, those set out in Article 41.11 and Article 11 shall be used.

41.03 The Parties agree that there shall be final and binding settlement by arbitration or by the other means provided for in this Article, of all grievances arising during the course of this Collective Agreement.

41.04 The Parties agree not to practise any discrimination, harassment, or coercion of any kind against any Employee who elects to use or not to use the procedures set out in this Article.

- 41.05 The Parties agree that there shall be no grievances or arbitration founded upon Articles 1 or 2, or upon actions taken by the Board of Governors upon the recommendations arising out of the recommendatory processes of Article 5 insofar as such actions are not in conflict with this Agreement. The Parties further agree that appointments made by the University of New Brunswick are not grievable unless the relevant provisions of this Collective Agreement have been violated. The Parties further agree that there shall be no grievances or arbitration founded upon the disposition of the merit awards insofar as the disposition is not in conflict with this Collective Agreement.
- 41.06 A representative of the Association shall be present at all stages of the formal grievance and arbitration procedures, and may represent the grievor during those procedures. In addition, the grievor may be accompanied by another Employee, who may represent the grievor, at all formal stages of the grievance procedures. In the context of this Article, the grievor and the Parties may not be accompanied by or represented by legal counsel during the informal stage, Stage 1, or Stage 2 of the grievance procedure.
- 41.07 All written communications required in this Article shall be delivered by either Canada Post Office certified mail or University campus delivery for which acknowledgement of receipt has been obtained. Such communications will be deemed to have been delivered on the fifth day following posting, unless evidence exists to the contrary. Any attempt by an Employee to deliberately avoid receiving a written communication sent under the terms of this Article shall be deemed to constitute receipt of the communication. A copy of all communications required by this Article shall be sent to the Association by

the University of New Brunswick authority who is sending such communications, and vice-versa.

41.08 Grievances are defined in Article 41.01 and shall be classified as follows (subject to Article 41.09):

- a) Individual grievance shall mean a grievance involving an Employee and particular to that Employee.
- b) Group grievance shall mean a grievance involving a group of Employees and common to all Employees in that group, which shall be processed as a single grievance.
- c) Policy grievance shall mean a grievance initiated by the Association which has general application to the bargaining unit as a whole, or to a clearly definable group within the bargaining unit.
- d) University of New Brunswick grievance shall mean a grievance initiated by the University of New Brunswick which has general application to the Association, the bargaining unit as a whole, or to a clearly definable group within the bargaining unit.

41.09 The grievor in this Article shall mean the Party, Employee or group of Employees initiating the grievance. Individual and group grievances may be initiated by the Association, or by the Employee(s) involved.

41.10 After any informal methods have been used, the various types of formal grievances shall be initiated at the following stages:

- a) Individual and group grievances shall be initiated at Stage 1 of the grievance procedure with the following exceptions,

which shall be initiated at Stage 2:

- 1) grievances in cases of dismissal and suspension;
 - 2) grievances in cases of denial of promotion, tenure or continuing appointment status;
 - 3) grievances in cases of denial of application for sabbatical leave, or study leave;

 - 5) grievances in such other cases as may be agreed upon, in writing, by the Parties.
- b) Policy grievances shall be initiated at Stage 2.
- c) University of New Brunswick grievances shall be initiated, in writing, to the President of the Association.

Any stage or stages of the grievance procedure may be by-passed by mutual agreement, in writing, of the Parties.

Informal Complaints

- 41.11 Before the formal grievance procedure is initiated, every reasonable attempt shall be made to resolve the dispute by informal discussion. To this end, any Employee or group of Employees is encouraged to present a verbal complaint to the Dean or to the appropriate Vice-President in the case of

grievances which may be initiated at Stage 2. There is no requirement for formal documentation or correspondence at the informal complaint stage. If the dispute is not resolved, the Employee or group of Employees may decide to lodge a formal grievance, and, if so decided, the Employee or group of Employees shall notify the Association of their intentions within ten (10) days of the grievable event or within ten (10) days of the date when this event could first have reasonably been known by the Employee to have occurred. The Association shall send a copy of such notification to the Dean or Vice-President, as appropriate.

- 41.12 The time limits set out in this Article may be extended by agreement, in writing, of the Parties. Such agreement shall not be unreasonably withheld.

Formal Grievance Procedures: Stage 1

- 41.13 If the dispute or difference has not been settled at the informal complaint stage, a written grievance may be presented to the Dean. Such formal grievance shall be presented within twenty (20) days of the grievable event or within twenty (20) days of the date when this event could first have reasonably been known by the Employee to have occurred. The written grievance shall be signed by the grievor and shall set out:

- a) The grievor: The name or names of the grievor, the campus and home address, telephone numbers and rank;
- b) The facts of the case: An exposition of the facts of the case as the grievor knows them, setting out the grounds for the grievance and making reference to the Articles and sections of this Collective Agreement on which the grievance is based.

- c) The remedy: A statement of the remedy the grievor deems sufficient to resolve the dispute.

41.14 After receiving the written grievance, the Dean shall meet with the grievor to hear the grievance. The Dean shall convey his/her disposition of the grievance, together with reasons and making reference to appropriate documents, in writing, to the grievor and the Association within ten (10) days of receipt of the formal written grievance. If the Dean's disposition of the grievance does not resolve the dispute, the grievance may proceed to Stage 2.

Formal Grievance Procedures: Stage 2

41.15 If, in the opinion of the grievor, the grievance is not resolved at Stage 1, the written grievance, together with a copy of the Dean's disposition of the grievance at Stage 1 and any written responses by the grievor, shall be presented to the Vice-President (Academic) or to the Vice-President (Saint John), as appropriate, within ten (10) days of receipt of the Dean's disposition at Stage 1. The appropriate Vice-President shall refer the matter for study and recommendation to the Grievance Committee which shall consider the grievance in the manner set out in Article 41.38 to Article 41.49, inclusive. The report of the Grievance Committee shall be presented to the appropriate Vice-President, the grievor, and the Association within the time limits set out in Article 41.49.

41.16 Written grievances initiated directly at Stage 2 will follow the format set out in Article 41.13, except that the reasons for initiation directly at Stage 2 shall be included. Grievances initiated directly at Stage 2 shall be submitted, in writing, to the Vice-President (Academic) or the Vice-President (Saint John), as appropriate, within twenty (20) days of the grievable

event or within twenty (20) days of the date when this event could first have reasonably been known by the Employee to have occurred.

- 41.17 Following receipt of the report of the Grievance Committee, the appropriate Vice-President shall arrange a meeting with the grievor to hear the grievance. The appropriate Vice-President shall inform the grievor and the Association, in writing, of the disposition of the grievance, together with reasons and making reference to appropriate documents, within ten (10) days of this meeting.
- 41.18 In the case of a University of New Brunswick grievance, the grievance shall be stated in writing to the President of the Association in the format set out in Article 41.13, who shall proceed in the manner set out for the Vice-President in Articles 41.15 to 41.17, inclusive.

Arbitration

- 41.19 In the event that a grievance remains unresolved following completion of the grievance procedures set out above in this Article, the grievor shall notify the President of the University, within ten (10) days of receipt of the appropriate Vice-President's disposition of the grievance (or of the disposition of the grievance by the President of the Association in the case of a University of New Brunswick grievance) at Stage 2, of the intention to submit the dispute to arbitration, naming therein one arbitrator to the Arbitration Board and formulating the question to be submitted to arbitration. The President shall respond in writing within ten (10) days naming one arbitrator to the Arbitration Board, and raising any objections to the question formulated by the grievor. Representatives of the

Parties shall make every reasonable attempt to formulate a statement of the agreed facts and/or issues for presentation to the Arbitration Board at least ten (10) days prior to the arbitration hearing.

41.20 The two arbitrators so named shall choose a chairperson for the Arbitration Board, within ten (10) days of the appointment of the arbitrator named by the responding party, from the following list:

- Innes Christie
- Arthur Kruger
- Lorne McDougal
- Gordon Simmons
- O. B. Shime
- Daniel Soberman

If the two arbitrators fail to agree on a chairperson from among those listed above, they shall select the chairperson by lot from among those listed above.

If the chairperson who has been selected by lot cannot be available to commence the arbitration proceedings within 30 days, a new chairperson shall be selected from the remaining persons on the list by the drawing of lots.

If none of the persons on the list is available within 30 days, the Parties may mutually agree to a chairperson who is not on the above list. If such agreement cannot be reached within 5 days, the Minister of Labour for the Province of New Brunswick shall be asked to name the chairperson.

Each time a chairperson is selected by the drawing of lots, the last person who actually served as chairperson shall not be

included in the list for that arbitration unless none of the others are available within 30 days.

- 41.21 No person may be appointed to an Arbitration Board deciding any grievance which would involve a conflict of interest because of personal involvement in the subject matter of the dispute. In any arbitration involving a matter of academic freedom (Article 14), any chairpersons not on the list in Article 41.20 must have held an academic, academic/professional or academic/administrative appointment at a Canadian university for at least five of the last ten years, unless agreed otherwise by the Parties, in writing.
- 41.22 The chairperson of the Arbitration Board shall convene the Parties for the purpose of a hearing within 30 days of appointment. The Arbitration Board shall render its decision within 60 days of the opening of the hearing. The Arbitration Board has the power to extend these time limits when it deems appropriate.
- 41.23 The fees and expenses of the chairperson shall be shared equally between the Parties. Each Party shall be responsible for the fees and expenses of its appointee to the Arbitration Board and of its own witnesses.
- 41.24 The Arbitration Board shall confine itself to the grievance submitted for arbitration and shall have no authority to determine any other issue or issues.
- 41.25 The Arbitration Board shall not have any power to add to or to modify any of the provisions of this Collective Agreement nor to substitute any new provisions for any existing provisions nor to give any decision in conflict with the terms and provisions of this Collective Agreement.

- 41.26. Where an Arbitration Board determines that an Employee has been disciplined for cause, the Arbitration Board may substitute any equivalent or lesser penalty that, to the Arbitration Board, seems just and reasonable.
- 41.27 Without limiting in any way the operation of other appropriate provisions of this Article, the arbitrators shall have the power to award compensation to an Employee, the Association or the University of New Brunswick, but only to the extent of monetary loss actually suffered arising from a proven breach.
- 41.28 The Arbitration Board shall have the duty and the power to adjudicate all matters in dispute, including questions of the arbitrability of an issue.
- 41.29 When dealing with grievances involving procedural irregularity, if the Arbitration Board finds that procedures established in this Collective Agreement have not been complied with, it may direct that the matter be considered again by the appropriate person or committee in accordance with the terms of this Collective Agreement unless the Arbitration Board considers such reconsideration inappropriate. Where, by the terms of this Collective Agreement, judgment or discretion is to be exercised by the University of New Brunswick or any person or committee, the Arbitration Board shall not substitute its own judgment for that already made unless it finds the judgment or discretion to have been exercised in an arbitrary or unreasonable manner.
- 41.30 Any grievance resolved at any stage of the procedures prior to arbitration shall not constitute a precedent in any arbitration proceeding.

Rules and Procedures for the Arbitration Board

- 41.31 The quorum of the Arbitration Board shall be the entire complement of the Arbitration Board. The membership of the Arbitration Board in process of hearing a particular grievance shall not change until its decision is rendered.
- 41.32 The Arbitration Board shall meet to consider the grievance(s) presented to it and shall receive all evidence in respect of the grievance(s). It shall determine its own rules of procedure and evidence which shall be fair, just and equitable. It shall give a reasonable opportunity to the grievor and the Parties to be present, to be represented, to present evidence and/or to make submissions to the Arbitration Board.
- 41.33 The Arbitration Board shall give reasonable notice of hearings to the grievor, and the Parties.
- 41.34 The Arbitration Board shall conduct any hearing in camera in the presence of the grievor and the Parties and/or their representatives (if any) unless the grievor and the Parties agree, in writing, to an open hearing.
- 41.35 The Arbitration Board shall strive to maintain confidentiality at all times. Transcripts and/or recordings of the hearings, if any, and copies of any documents considered by the Arbitration Board shall be available for confidential use by the grievor and the Parties.
- 41.36 The Arbitration Board has all the powers set out in the Industrial Relations Act of the Province of New Brunswick, in addition to those set out in this Article.

- 41.37 The Arbitration Board shall render its decision, which shall be final and binding, in writing, and shall send copies to the grievor, and to the Parties. Each person on the Arbitration Board shall have a single vote. All decisions shall be by majority vote, or failing a majority vote, the decision of the chairperson shall be the decision of the Arbitration Board.

Grievance Committee

- 41.38 There shall be a Grievance Committee which shall be constituted within thirty (30) days of the signing of this Collective Agreement. The Grievance Committee shall be comprised of four persons from the University community. Two (2) persons (and one (1) alternate) shall be appointed by the University of New Brunswick, and two (2) persons (and one (1) alternate) shall be appointed by the Association. An appointee of the University of New Brunswick and an appointee of the Association shall be designated as joint chairpersons and shall alternate in presiding over meetings. Should one of the appointees resign from the Committee or be unable to serve for any other reason, the Party designating that person shall name a replacement within fifteen (15) days to serve for the remainder of the term of office, which shall be the life of this Collective Agreement. The persons comprising the Grievance Committee shall not be "representing" a Party, but shall use their independent judgment in attempting to resolve cases.
- 41.39 No person shall sit on the Grievance Committee in relation to any grievance which would involve a conflict of interest because of his/her personal involvement in the matter that gives rise to the grievance. Should a person be disqualified by reason of conflict of interest, the Party appointing that person shall designate a replacement within fifteen (15) days to serve during

the course of that grievance. This clause shall not bar the Grievance Committee from considering University of New Brunswick or policy grievances.

Rules and Procedures of the Grievance Committee

- 41.40 The quorum of the Grievance Committee shall be the entire complement of the Committee. The membership of the Grievance Committee in the process of considering a particular grievance shall not change until its report is submitted to the appropriate Vice-President or, in the case of a University of New Brunswick grievance, to the President of the Association.
- 41.41 The Grievance Committee shall meet to consider all grievances referred to it by the appropriate Vice-President, or, in the case of a University of New Brunswick grievance, by the President of the Association. It shall determine its own rules of procedure which shall be fair, just and equitable. It shall give reasonable opportunity to the grievor and the Parties to be present at all hearings it conducts and to make submissions to it.
- 41.42 The Grievance Committee shall conduct any hearing in camera in the presence of the grievor and the Parties, unless the grievor and the Parties agree, in writing, to an open hearing.
- 41.43 The Committee shall strive to maintain confidentiality at all times. Transcripts and/or recordings of the hearing, if any, and copies of any documents considered by the Grievance Committee shall be available for confidential use by the grievor and the Parties.

- 41.44 By unanimous decision, the Grievance Committee may request any documents it deems relevant from the grievor or the Parties. Such request shall not be unreasonably denied.
- 41.45 The Grievance Committee shall submit its report, including any minority opinions, in writing to the appropriate Vice-President and shall send copies to the grievor and the Association.
- 41.46 The Grievance Committee shall confine itself to the grievance submitted to it and shall have no authority to consider any other issue or issues not submitted to it.
- 41.47 The Grievance Committee shall not make any recommendation in conflict with the terms of this Collective Agreement.
- 41.48 When dealing with grievances involving procedural irregularity, if the Grievance Committee finds that the procedures have not been complied with, it shall recommend that the matter be considered again by the appropriate committee or person in accordance with the terms of this Collective Agreement, unless the Grievance Committee considers such reconsideration to be inappropriate.
- 41.49 The Grievance Committee shall render its written report not later than thirty (30) days after referral of the written grievance to it by the appropriate Vice-President. The Grievance Committee may, for stated good cause, extend these time limits, with the written agreement of the grievor and the Parties.

Article 42 - DISCIPLINE

- 42.01 Disciplinary action shall be taken only for just and sufficient cause. Penalties shall be just and appropriate for the offense.
- 42.02 In cases of suspension without pay or dismissal, the Employee may be suspended immediately, but where the Employee files a formal grievance within the time limits set out in Article 41, the Employee shall continue to receive full pay and benefits until the grievance and arbitration procedures have been completed.

APPENDIX BCOMPULSORY RETIREMENT FOR EMPLOYEES WITH LONG-TERM DISABILITIESIntroduction

In order to enable the University to continue its work, it is necessary to replace employees who have been absent from their work for an extended period of time, without a good prognosis for return to work within a reasonable period of time.

Whereas this principle has been recognized for some time, the time limits involved have not previously been defined.

Policy

1. Compulsory retirement of employees with long-term disabilities shall occur between the following time limits:
 - (a) one year after the commencement of the disability (six months after the commencement of disability payments);
 - (b) thirty months (2½ years) after the commencement of the disability (two years after commencement of disability payments).
2. Retirement of employees with long-term disabilities shall be taken in consultation with Personnel Services and subject to the following recommendations and approval procedures:
 - (a) Faculty/Fredericton
 - Departmental Chairman's recommendation
 - Dean's recommendation
 - Vice-President's (Academic) recommendation
 - Senate Committee on Appointments' recommendation
 - President's recommendation
 - Board of Governors' approval
 - (b) Faculty/Saint John
 - Divisional Chairman's recommendation
 - Vice-President's (UNBSJ) recommendation

- Senate Committee on Appointments' recommendation
 - President's recommendation
 - Board of Governors' approval
- (c) Non-Academic Staff - Fredericton
- Department Head's recommendation
 - Vice-President's (Finance and Administration) recommendation
 - President's approval
- (d) Non-Academic Staff - Saint John
- Department Head's recommendation
 - Vice-President's (Saint John) recommendation
 - President's approval
3. Criteria for retirement prior to 2½ years after the commencement of the disability include:
- (a) the urgency of filling the position with a regular replacement;
 - (b) a medical prognosis by the employee's personal physician or a physician appointed or approved by UNB, indicating that the employee will not be able to return to work before the end of the 2½ year period.
4. A review of each long-term disability case shall be initiated by the University one year after the commencement of the disability and from time to time thereafter, as appropriate.
5. Employees retired under this policy will receive special consideration with regard to UNB employment opportunities, should they be able to return to work at a later date.
6. Arrangements will be made to protect continuing eligibility for benefits, such as group life and family protection insurance, and health insurance, in the period after compulsory retirement, for as long as eligibility for disability payments continues. This will be on a premium payment basis, unless he/she qualifies for a waiver of premium.

7. For employees who do not have LTD coverage and do not receive LTD benefits, this policy will apply except that arrangements can be made to continue participation in health insurance and life and family protection insurance on a premium paid (by the employee) basis until compulsory retirement occurs. Subsequently, he/she can continue participation in the health insurance plan under the retired lives policy. Participation in life insurance ceases at the time of retirement, unless he/she qualifies for a waiver of premium, in which case life insurance continues.

NOTE:

The policy is consistent with the University's Income Protection Plan, which provides LTD coverage for employees who are unable to perform the duties of their own occupation for the period from 6 months to 30 months after the commencement of the disability. After 2½ years (two years on LTD) the employee may be required to assume the responsibilities of any occupation which he/she can handle.
